An illustration of a woman with long brown hair, wearing a green shirt and blue pants, standing on a small ladder and writing on a large white scroll. The scroll has three green checkmarks on its left side. To her right is a large blue monitor displaying a document with horizontal lines and three status icons on the right: a green checkmark, a green checkmark, and a red 'X'. Above the monitor is a white document labeled 'BOOK CHAPTERS'. To the left of the monitor is a blue pencil and a yellow circle with a question mark. To the right of the monitor is a stack of three books (green, blue, and white) with a green plant growing from the top. Above the books is a white document with a large 'T' and horizontal lines, a blue clock, a green circle with an exclamation mark, and a red circle with a checkmark. The entire scene is set against a light blue background.

## A conceptual illustration of a library where books are weighed against digital data on a scale, symbolizing the balance between traditional and digital knowledge. The scene is set in a library with tall wooden bookshelves filled with books. In the center, a large golden scale balances a stack of books on the left pan and a computer monitor displaying a website on the right pan. A glowing blue globe sits on a pedestal in front of the scale, surrounded by scattered gold coins. The background is filled with floating icons of books, coins, and a magnifying glass, suggesting a search or discovery process.
